

The Department of Chemistry at Middle East Technical University (METU) invites applications for a full-time tenure track faculty position in Organic Chemistry at the Assistant Professor level.

Required qualifications include:

Ph.D. in Organic Chemistry, evidence of potential for establishing and maintaining an outstanding academic research program in Organic Chemistry, ability to teach graduate and undergraduate courses in Organic Chemistry and General Chemistry, and excellent command in English language.

Applicants should demonstrate ability to initiate and sustain an externally funded research program **especially in the area of design and synthesis of potential drug candidates, experience in total synthesis and biologically active compounds and catalytic transformations and/or experience in the field of biotechnological drug technologies.** Candidates with postdoctoral experience are preferred.

Applicants should submit one PDF file to tanyeli@metu.edu.tr containing a cover letter, curriculum vitae, statement of research plans, and description of teaching interests and/or experience by **November 12, 2020**. Applicants should also arrange to have three letters of recommendations.
